## *Novopangea - a brief description*

Novopangea's origin and history are free to determine for each and everyone- but if you want to get an idea of what some theories are, then go towards the Identity in [Novopangea.ueuo.com](http://Novopangea.ueuo.com). Many believe that it is a world that two pseudospheres are in balance with, others say it is made out of an ancient tree, and others don't really care.
